Venue – 5th Floor Auditorium,

Infosys Foundation

OPD Block

Kidwai Memorial Institute of Oncology, M H Mari Gowda Road, Near Diary Circle

Bengaluru-560029

Participant limit: 40

We are pleased to invite you to our upcoming Lymphoma Workshop, which is designed to provide a unique, hands-on experience where you can bring your unsolved, interesting, or challenging lymphoma cases to discuss with peers and experts in the field.

Invited guest faculty:

Dr Sumeet Gujral,

Professor,

Department of Pathology,

Tata Memorial Hospital, Mumbai.

Key Highlights of the workshop

We encourage you to bring any interesting or challenging clinical cases of lymphoid proliferations, with or without IHC slides, for presentation and discussion.

Each case presentation will be allocated 7 minutes, followed by 5 minutes for discussion.

We are honoured to have Dr. Sumeet Gujral, Professor, Tata Memorial Hospital, Mumbai an expert in the field of lymphoma, who will share his invaluable insights and provide expert opinions during the session.

Agenda:

1) Interactive slide seminar using microscope-based teaching

- Dr Sumeet Gujral

- Dr Ashwini Nargund

- Faculties from the Department of Pathology, KMIO

2) Flow cytometric approach to the diagnosis of B cell lymphoid neoplasms-Dr Shankaranand B

3) Interesting or challenging cases of lymphoid proliferations, with or without IHC slides, under the microscope - By the Delegates (Bring your H&E slides, IHC slides if available)

4) Additionally, delegates will have a tour of our molecular lab, showcasing techniques such as IHC, FISH, flow cytometry, and cytogenetics (by Dr Subhan Ali), with case-based demonstrations.

We look forward to your participation and a stimulating session of learning and collaboration.
